DOCKETED BY

- **Introduction**. As more fully set forth below, Arizona-American Water Company 1. ("Arizona-American" or the "Company") hereby applies in accordance with A.R.S. § 40-301 et. seq., for authority to be obligated for up to \$2.3 million in debt not previously approved by the Commission.
- **Supporting Exhibits**. As more fully discussed below, Arizona-American 2. provides the following exhibits in support of its application:
 - Exhibit A 2008 Balance Sheet
 - Exhibit B 2008 Income Statement
 - Exhibit C Draft Certificate of Resolution
 - Exhibit D Tubac Arsenic Removal WIFA \$2.3 million Application
 - Exhibit E Tubac Water Loss 2008
 - **Exhibit F** Capital Structure Analysis
- 3. **Company Description**. Arizona-American is a public service corporation engaged in providing water and wastewater utility services in portions of Maricopa, Mohave, and Santa Cruz Counties, Arizona, pursuant to various certificates of public convenience and

1	necessity granted by the Arizona Corporation Commission (the "Commission") to Arizona-
2	American and its predecessors in interest. The Company presently provides utility service to
3	approximately 100,000 water customers and 50,000 sewer customers in Arizona and is Arizona's
4	largest investor-owned water and wastewater utility. Arizona-American is a wholly-owned
5	subsidiary of American Water Works Company, Inc. ("American Water").

- 4. **Principal Office**. The Company's principal business office is located at 19820 North Seventh Street, Suite 201, Phoenix, Arizona 85024, and its telephone number is (623) 445-2455.
- 5. <u>Authorized Representative</u>. The person authorized to receive notices and communications regarding this application is:

Thomas M. Broderick
Director, Rates and Regulations
Arizona-American Water Company
19820 N. 7th Street
Suite 201
Phoenix, Arizona 85024
Telephone: (623) 445-2420
Thomas.Broderick@amwater.com

All discovery and other requests for information concerning this Application should be directed to Mr. Broderick, with a copy to undersigned counsel for the Company.

- 6. <u>Description of Lender</u>. Arizona-American proposes to borrow from the Water Infrastructure Finance Authority of Arizona ("WIFA"). WIFA is an independent agency of the state of Arizona and is authorized to finance the construction, rehabilitation and/or improvement of drinking water, wastewater, wastewater reclamation, and other water quality facilities/projects.
- 7. Purpose of Borrowing. Arizona-American has one project for which WIFA funding is requested. The Company recently requested that WIFA approve funds from the 2009 American Recovery and Reinvestment Act Intended Use Plan ("ARRA") and the Company was informed that WIFA requires the Commission's approval of the application herein. The project is an arsenic removal project in Tubac, Arizona which will remove high levels of arsenic from

- 8. **Proposed Interest Rate**. WIFA's Board of Directors has established the interest rate as the Prime Interest Rate plus 2.75%. This application seeks an interest rate not to exceed 8%.
 - 9. **Financing Term**. The financing term will not exceed 20 years.
 - 10. **Debt Security**. The proposed debt will be unsecured.

- documents associated with the authorized financing. Additionally, as part of WIFA administering funds from the ARRA, approximately one-half of the loan principal will be forgiven and will not accrue interest. Thus, only approximately \$1.15 million of the \$2.3 million will accrue interest. Any loan principal forgiven will be reflected in future arsenic cost recovery mechanisms and rate cases for the Tubac district to the benefit of customers in those water districts through water rates lower than if these projects were funded through alternative sources.
- 12. **Financial Statements.** Exhibit A is a copy of the Company's unaudited 2008 balance sheet. Exhibit B is a copy of the Company's unaudited 2008 income statement.
- DSC and TIER. As of December 2008, Arizona-American's Debt Service Coverage Ratio ("DSC") was 1.25 and its Times Interest Earned Ratio (TIER") was 0.52 (Earnings before interest and taxes was \$5,715,352, interest was \$10,934,958 and depreciation and amortization was \$18,769,334). Based on its DSC, the Company should be able to adequately cover its expected debt payments from operating cash flow until on-going and future rate cases gradually incorporate the aforementioned investment into rate base.
- 14. <u>Corporate Powers</u>. Exhibit C is a copy of a draft certificate of resolution of Arizona-American's Board of Directors. The Board is expected to approve the resolution at an

1	April 21, 2009, meeting. Upon approval, the approved resolution will be filed with the
2	Commission in this Docket.
3	15. <u>Compliance</u> . Arizona-American currently has no outstanding compliance issues
4	with the Commission, the Arizona Department of Environmental Quality, or the Arizona
5	Department of Water Resources.
6	16. Compatibility . The proposed transaction is needed to immediately begin
7	construction of projects necessary to serve the public a safe and reliable water supply. The new
8	borrowing is being provided by WIFA at below market interest rates once the principal
9	forgiveness is considered. Therefore, the requested financing approval is compatible with
10	• the public interest;
11	 sound financial practices; and
12	the proper performance by Arizona-American of service as a public service
13	corporation (and will not impair the Company's ability to perform that service).
14	17. Prompt Approval . The Company requests prompt approval in order for its
15	customers to take immediate and full advantage of the ARRA.
16	18. Requested Relief . As more fully set forth in this Application, Arizona-American
17	asks that the Commission approve its request under A.R.S. § 40-301 et. seq to incur up to \$2.3
18	million in new debt.
